Today's  
Webinar Theme:

# Connect My Teams

*with Intuitive Collaboration*

**Better Meetings:** Teams move work forward – before, during, and after

---

**Ease of Use:** Easy to join and collaborate, regardless of location or device

---

**Industry-leading Security:** Keeps data and information safe, however your teams want to access it

---

**Scalability:** Whether for 10 people or 1,000+, your meetings and workspaces offer the same frictionless experience

# Solution Overview:

## *Cisco Webex & Cisco Webex Teams*

Our Speaker...

Michael McCullough  
Collab VSS

# Cisco Webex

Cloud platform for secure business collaboration

Meetings

**Cisco** Webex  
Meetings

Team Collaboration

**Cisco** Webex  
Teams

Calling

**Cisco** Webex  
Calling

Award winning  
devices

Secure

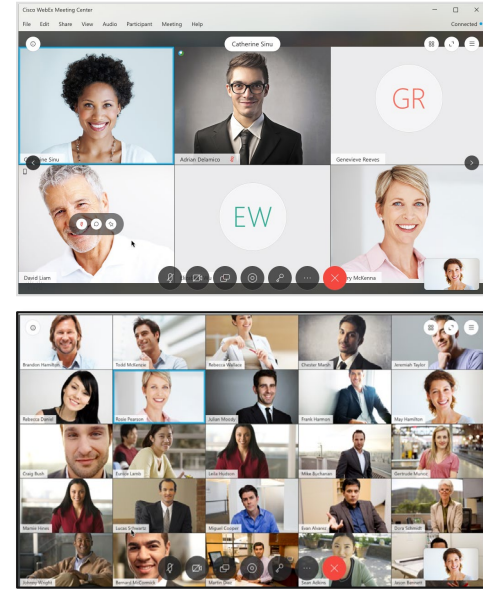

Powerful cloud  
architecture

# Webex Meetings

# The Webex Meetings experience

Autonomy to customize video layout

# Mobile Meeting Experience

All the same rich functionality when remote

Equal participation  
Optimized view
