

NSO Developer Days is Back!

June 18-20 2019

You are invited to our 3rd annual Cisco NSO Developer Days Conference in Stockholm.

Developer Days in Stockholm is back and it's going to be bigger and better than ever. As always there will be technical deep dives with Cisco NSO engineers and an opportunity to hear how your peers are using NSO to solve their problems. The event will lead off with your peers sharing their success stories and best practices. Subsequent days will be devoted to breakout tracks to allow you to delve deeper on the topics that are most important to you. We will hold an opening night reception for all attendees and the popular hands - on labs will also be back!

New this year, the day before the main conference (17 June), we will have a quick start day for those of you new to NSO. Led by Learning@Cisco, this session will help beginners come up to speed with NSO. Seating is limited for this lab so register soon.

Register now to secure you space and take advantage of early bird pricing before March 31, 2019

NSO Developer Days: 18-20 June 2019, Fee: \$600 / \$480 Early Bird

NSO Introduction + Developer Days: 17-20 of June 2019, Fee: \$ 800 / \$640 Early Bird

Where: Vasateatern at Scandic Grand Central, Stockholm
