# Motion Sparing Spine Surgery

Presented by

**Christopher P. O'Boynick, MD**

**Thursday, May 20, 2021**

**1:00 - 2:00 pm**

## Course Description:

This course is designed to provide Nurse Case Managers and Adjusters an understanding of Cervical Spine anatomy, surgical techniques, and outcomes in Motion Sparing Spine Surgery. Through case studies, Nurse Case Managers and Adjusters will learn the advantages of specific procedures related to Motion Sparing Spine Surgeries. The participants will be able to apply outcome studies to assist in helping them anticipate injured workers' return to work expectations and costs.
