

Connect, share,
and engage.

In-person meetings made simpler.

When you're working with your team face to face, sharing your ideas up on a screen can help make your big ideas even bigger.

Our new Webex Share devices makes it simple to transform any display into a presentation screen, in a couple of minutes.

No more printing or emailing presentations, just simply connect to any HDMI enabled display with a Webex Share device.

Now you can wirelessly share your screen, and stop fighting with cables.

Give it a try today, it's easier than you think.

Mission 1

FIND A SUITABLE AREA

Find a presentation room with a suitable HDMI display screen to connect your Webex Share. The Webex Share might already be plugged in and ready to go.

Mission 2

SHARE YOUR SCREEN

Show documents and presentations wirelessly on screen using your Webex Meetings or Webex Teams app.

Try it today
