

Smart Licensing Product Configuration Guides

Now available on [cisco.com](https://www.cisco.com)!

Great news: your customer purchased a Smart Licensing enabled product! They're now on track to manage their licenses with greater visibility and flexibility. Perhaps the customer is unsure how to configure their new purchase, and reaches out to you for help. **What do you do?**

Lucky for you, our Cisco [Smart Accounts](#) and [Smart Licensing](#) pages now provide customers access to configuration guides for all Shipping Smart Licensed products. Direct customers to either of these sites, and have them scroll down to the "**Resources and Tools**" section, where they can select their desired product documentation by using the "**View documents by product family**" dropdown. Products will continuously be added to the list, so check back often for updates.
