

PAK View and Export Capability in Cisco Commerce: Quick Guide

Partners and Distributors, Sales

CCW Order

Simplify Product Authorization Key View and Export Capability in CCW

The Product Authorization Key (PAK) / Digital License Agreement (DLA) view and export process in CCW is now more simplified and easy to use. In CCW View Status UI, we have added new features at the order and line level to make the PAK/DLA view and export process faster.

Follow these steps to view or download PAK on an order:

1. Click on **All PAK Numbers** at the Order Header to view details of PAK

The screenshot displays the Cisco Commerce Order (CCW) interface. At the top, there is a navigation bar with tabs for Catalog, Estimates, Deals & Quotes, Orders (selected), Services & Subscriptions, and Software. A search bar is located to the right of the navigation bar. Below the navigation bar, a message states: "This order contains Smart Account SKU's and/or SKU's which can be assigned to a Smart Account as an option. View or change Smart Account Assignments".

The main content area shows the order details for order ID 81541482. The order status is "Closed". The order details section includes fields for PURCHASE ORDER # FOR CISCO (PO-81554879), ACCOUNT MANAGER (View Info), DEAL ID, SUBMITTED BY, CREATED BY, and WEB ORDER ID (81554879). There are buttons for "Change Order" and "Cancel Entire Order".

Below the order details, there is a section for "Federal Government" with a toggle for "US Federal Government Order" set to "No".

The "Line Item Status Summary" section shows a progress bar with the following stages: Submitted (0 line item(s)), Order Processing (0 line item(s)), Booked (0 line item(s)), Subscription fulfillment (0 line item(s)), Invoiced (0 line item(s)), and Closed (1 line item(s)). A red circle with the number "1" is placed over the "Order Processing" stage.

The "Items" section is expanded, showing a table of items. The table has columns for P.O. Line Reference, Status, Qty (Active and Ordered), and Extended Price. The first item is "1.0 IND-SOFTWARE-K9 Industrial Network Director" with a status of "CLOSED (Subscription Set 1)" and a quantity of 1. Below this, there are three sub-items: "1.1 IND-IE IND License for Managing IE Switches" with a quantity of 100 and an extended price of 9,216.00, and "1.2 IND-SUPT-PRE IND Premium Support" with a quantity of 1 and an extended price of 2,304.00. Each sub-item has a link to "Product Authorization Key and Digital License Agreement".

CCW Order

Simplify Product Authorization Key View and Export Capability in CCW

7. To view PAK/DLA for individual line item on an order, Click Product Authorization Key and Digital License Agreement

The screenshot shows the Cisco Commerce Order interface. At the top, there are navigation tabs: Catalog, Estimates, Deals & Quotes, Orders (selected), Services & Subscriptions, and Software. Below the navigation, there is a search bar and a notification: "This order contains Smart Account SKU's and/or SKU's which can be assigned to a Smart Account as an option. View or change Smart Account Assignments". The order details section shows: "81541482 CLONEUI 81541566 CLONEUI 81542318 Order Closed". Below this, there are tabs for Order Details, Items, Discounts, Shipping & Install, Billing and Invoice, and Order History. The Order Details tab is active, showing a progress bar with stages: Submitted, Order Processing, Booked, Subscription fulfillment, Invoiced, and Closed. The Items tab is also visible, showing a list of items. The first item is "1.0 IND-SOFTWARE-K9 Industrial Network Director" with a status of "CLOSED". The second item is "1.1 IND-IE" with a quantity of 100 and an extended price of 9,216.00. A red box highlights the link "Product Authorization Key and Digital License Agreement" next to item 1.1, with a red circle containing the number 7.

8. In the **PAK/DLA** pop-up screen, line item related info is re-organized and fields are shown horizontally

9. **Product Authorization Key** and **UCS OEM keys** are now displayed in two separate tabs

10. Use **Export** option to download PAK numbers into excel

The screenshot shows the PAK/DLA pop-up screen. At the top, there is a title bar "PAK/DLA" with a red circle containing the number 8. Below the title bar, there is a table with the following columns: Quantity, Transaction Date, Shipping/End Customer Email, Customer Reference, and Delivery. The table contains one row: Quantity 100, Transaction Date 09 Aug 17, Shipping/End Customer Email rulobo@cisco.com, Customer Reference --, and Delivery ELECTRONIC. Below the table, there are two tabs: "Product Authorization Key" and "UCS OEM Keys". The "UCS OEM Keys" tab is selected, with a red circle containing the number 9. Below the tabs, there is a list of keys, each consisting of a PAK number and a device ID. The list is scrollable. At the bottom right of the pop-up, there are two buttons: "Close" and "Export". The "Export" button is highlighted with a red box and a red circle containing the number 10.

CCW Order
