

MARS Phone Background Image

MARS Phone Background Image application is used to set the screen background image of Cisco IP Phone. Application administrator can set the image of multiple phones in a single action.

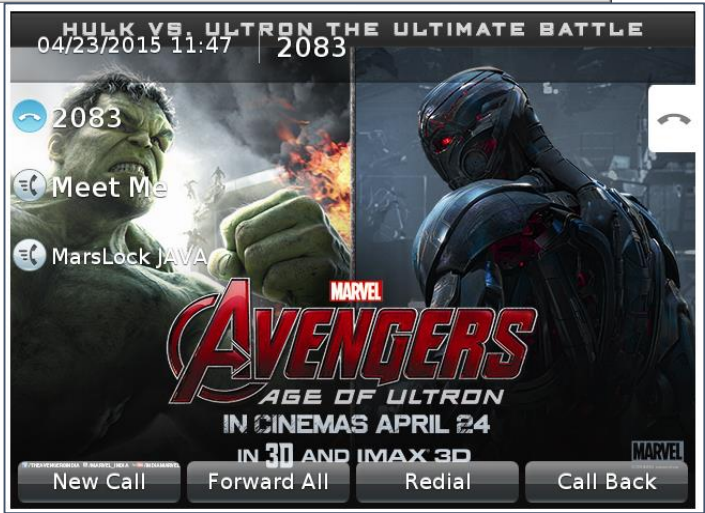

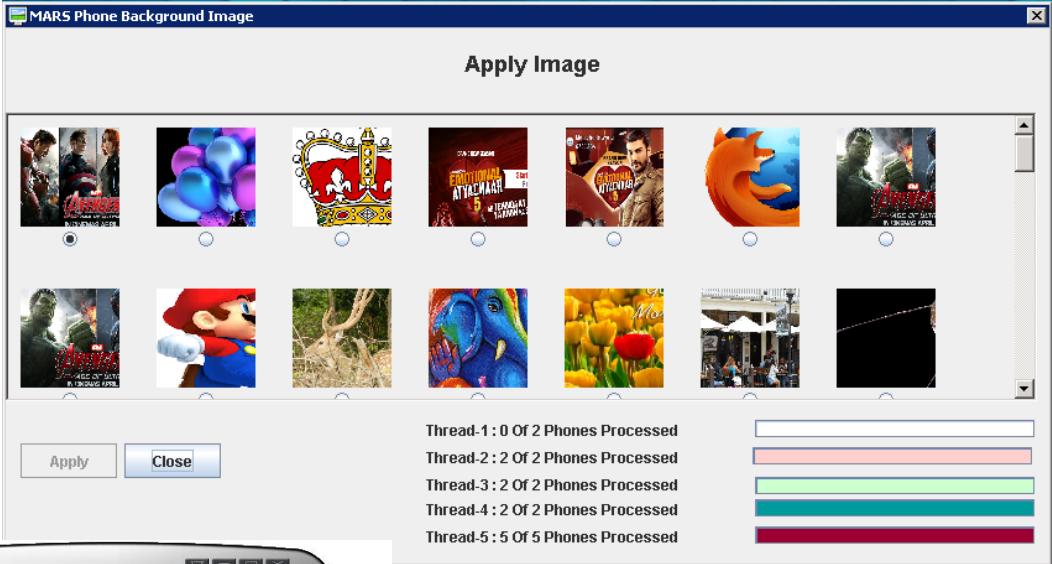

The screenshot shows the 'MARS Phone Background Image' application window. At the top, there is a header with the 'PARSEC MARS APPLICATION SUITE' logo. Below the header, there are search filters: 'Phone Model' set to 'All', 'Search By' set to 'DirectoryNo', and 'Contains' set to an empty field. A 'Search' button is present. Below the search filters, there is a 'Select All' checkbox. The main area contains a table with columns: Image Info, Device Name, IP, DN1, DN2, DN3, DN4, DN5, and DN6. The table lists 16 phone entries, with the first few having empty 'Image Info' cells and others having links to image files like 'Avengers-8945896199519971.png'. Below the table, it says 'Total Phones : 16'. At the bottom, there are buttons for 'Apply Images', 'Export Data', 'Upload Images', and 'Fetch Data From CUCM'. A copyright notice for Parsec Telesystems Pvt Ltd., India is at the very bottom.
