

Programmable Raw CPN Cost Report

Suppliers in the Programmable commodity space will use this report to inform negotiations with the underlying cost of raw CPNs.

1. From the Landing page, select the drop-down navigation menu and select Analytics to go to the Analytics page.

2. On the Analytics page, select the radio button to generate the report.

4. Use the CPN, Quarter, Raw Supplier and Programmable Supplier fields to define the search criteria for the Programmable Report.

6. The user can download the report in a CSV file by clicking here.

3. Open the drop-down menu and select Programmable Raw CPN Cost Report.

5. For suppliers in the Programmable space, when the report is run with applicable search criteria, the output will be displayed as shown.
