

# Save windshield time with Webex

Take the travel out of your training and join from your station house, office or even your vehicle.

Webex lets you join training sessions, briefings and consultations all within a couple of clicks on any device from anywhere

Don't waste time and money driving your vehicle to a briefing or training. Keep it where it's needed, so it's ready to act.

## Join your training session

With one button to tap you can swiftly start or join your training wherever you are, even from your mobile device.

## Ask questions through chat

Have questions? No problem use chat to ask those all-important questions. Links to other materials and documents can also be shared with the group.

## Record the training session

If colleagues are unable to attend or perhaps, you'd liked to review the session later, simply record the meeting, so no one misses a thing.
