

A new dimension to your meetings.

## Who said meetings can't be fun?

Our new Webex Boards bring a new, fun dimension to your meetings. Use a whiteboard to annotate on your content during the meeting. The whiteboard expands as much as you need to keep your ideas flowing.

Anything created on the whiteboard can be saved either by email or in your Cisco Webex Teams space, ensuring everyone has access to the content even after the meeting.

Just don't forget the cake...

Try it today, it's easier than you think.
