UCCX Configuration API for premium/enhanced licenses Oct 31, 2016 1:47 AM

Hi every body

I can't find any information about what license version the Configuration API can be used in, maybe it's a secret or maybe I'am just blind...

Please help me find this information.

Br,

Morten Skovborg

Is this the information you are looking for?

<https://developer.cisco.com/site/uccxapi/overview/start.gsp>

"Licensing: The APIs are available with all variants of Contact Center Express i.e. Standard, Enhanced and Premium."
