

Cisco Simple Webinar

“Cisco Webex Teams | Intuitive *Lokahi*”

Darren Soby – Cloud Video Sales Specialist

Glenn Young – Consulting Systems Engineer

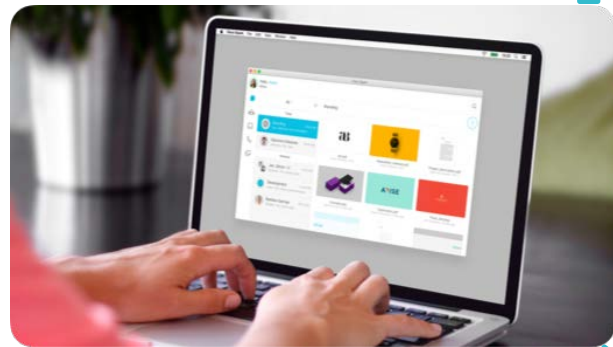

How effective are your meetings?

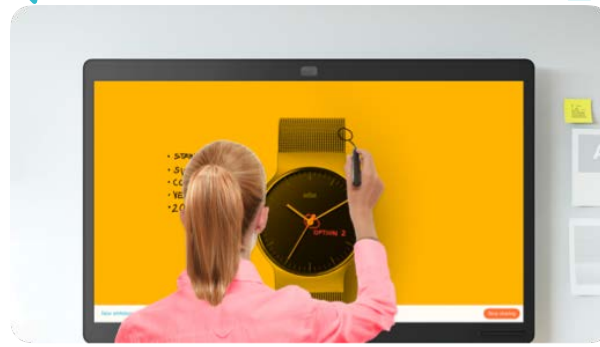

- 37% of time an average person spends in a meeting.
- 31 hours per month wasted in unproductive meeting.
- *48% of time spent in meets is unproductive.*

Why do we have unproductive meetings?

- Too Many Siloed Tools
 - Email
 - Chat
 - File share
 - Meetings
- No central repository for team information
- Tough for new team members to come up to speed.
- Travel to and from meetings
- Time wasted to start the meeting.
- People arrive unprepared.
- Agenda is not relevant to participants
- Complicated technology gets in the way.
- Getting bumped from your room
- Data from meetings is tough to save.
- Data that is saved is not always dispersed to relevant people.
- Follow up conversation are not productive and lead to the need to meet again.
