

Cisco TelePresence Callway Network Ports

This table displays the ports used for various activities on the Cisco TelePresence Callway network.

Please make sure to configure your network and firewall so that they do not prevent connectivity on the ports listed in this table.

				Device type											
				Cisco IP Video Phone E20				Cisco TelePresence System C/EX/MX series				Cisco Jabber Video			
				Source port		Destination port		Source port		Destination port		Source port		Destination port	
Port type	Protocol	Source host	Destination host	Start	End	Start	End	Start	End	Start	End	Start	End	Start	End
SIP Signaling	TCP	Device	proxy-east.us.callway.net proxy-west.us.callway.net	Device picks		5060	5060	Device picks		5060	5060	Device picks		5060	5060
SIP Secure Signaling	TCP	Device	proxy-east.us.callway.net proxy-west.us.callway.net	Device picks		5061	5061	Device picks		5061	5061	Device picks		5061	5061
Media - Video	UDP	Device	proxy-east.us.callway.net proxy-west.us.callway.net	2326	2358	49152	55152	2326	2487	49152	55152	11000	11999	49152	55152
Media - Presentation	TCP/UDP	Device	proxy-east.us.callway.net proxy-west.us.callway.net	Device picks		5070	5070	Device picks		5070	5070	Device picks		5070	5070
Provisioning	TCP	Device	provisioning.callway.com	Device picks		443	443	Device picks		443	443	Device picks		443	443
Phonebook	TCP	Device	phonebook.callway.com	Device picks		443	443	Device picks		443	443	Device picks		443	443
Software Upgrades	TCP	Device	software.callway.com	Device picks		80	80	Device picks		80	80	Device picks		80	80
Line Quality Test (LQT) Tool Bandwidth Testing	TCP	Computer running LQT	tandbergiad.visualware.com tandbergjvc.visualware.com	LQT applet picks		20000	20001	LQT applet picks		20000	20001	LQT applet picks		20000	20001
LQT Tool SIP Protocol Testing	TCP	Computer running LQT	test.callway.com	LQT applet picks		5060	5060	LQT applet picks		5060	5060	LQT applet picks		5060	5060
LQT Tool Media Testing	UDP	Computer running LQT	test.callway.com	LQT applet picks		49000	56000	LQT applet picks		49000	56000	LQT applet picks		49000	56000
