# Cisco Software Framework Simplicity, Flexibility, Value

## What exactly is a Smart Account?

A Cisco Customer Smart Account is a customer managed data repository providing full visibility and access control to Cisco software licenses, entitlements, and product instances across the company.

#### Think of a Smart Account like online banking...

#### You have \$ in the bank and you can ...

- Automate deposits
- See all your money
- Have checking, savings
- Move money
- Pay bills

In one secure system, quickly and easily...

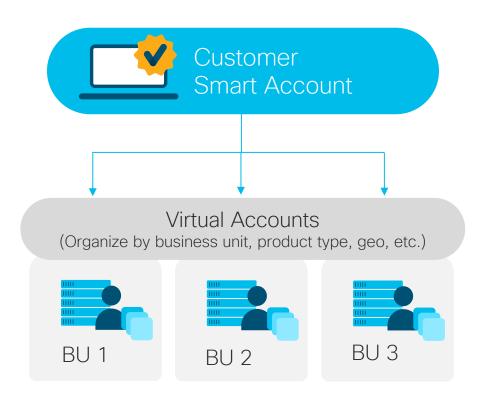

#### Without having to ...

- Track manually
- · Wait a month
- Visit bank
- Send checks
- Balance all accounts

In a variety of methods, all by paper.

## How should I set up my Smart Account? Create Asset Pools with your Smart Accounts using Virtual Accounts

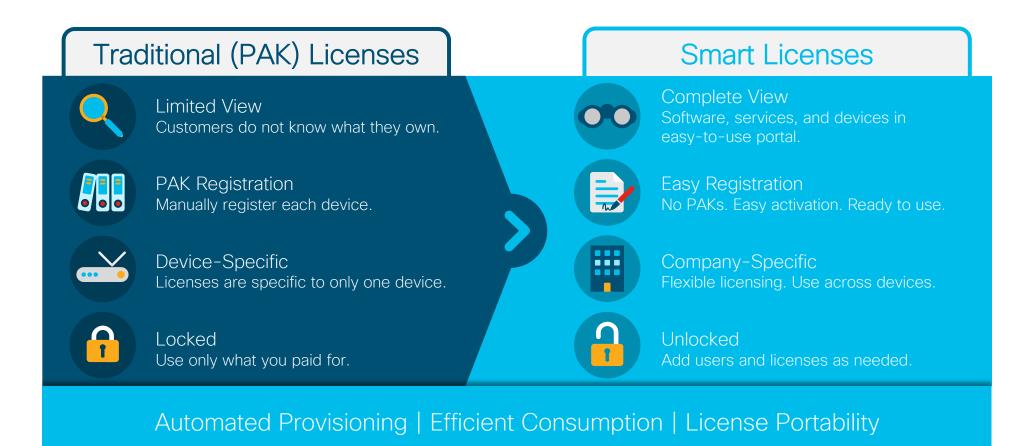

Organize your licenses the way you want with Virtual Accounts

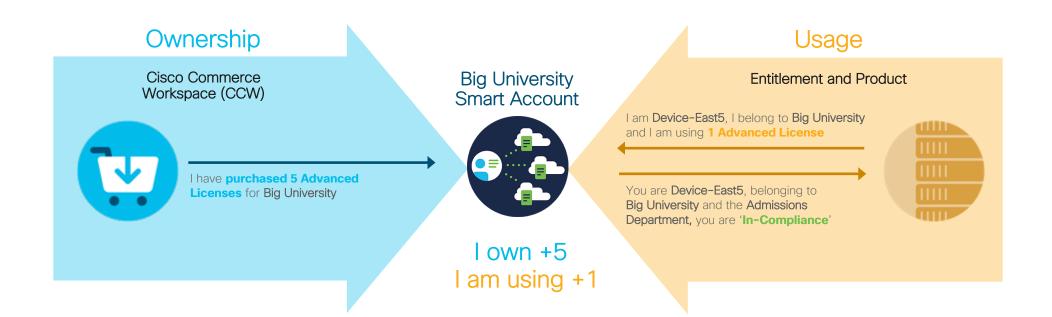

Virtual Accounts can be set up by business unit, product, geography or other destination - you decide what works best for your organization.

The result: Better utilization and more efficient planning.

#### How do Smart Licenses differ from Traditional (PAK) licenses?

#### How Does Smart Licensing Work with Smart Accounts?

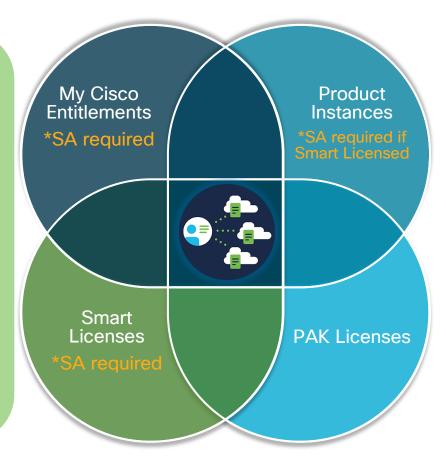

#### Why do I need a Smart Account

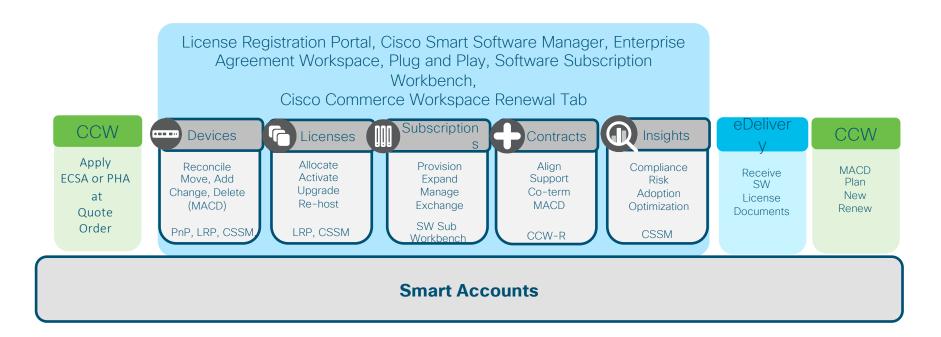

A Smart Account is required for Smart Licenses and the new My Cisco Entitlements.

You can also see all your license usage in one place if you associate PAK licenses to a Smart Account.

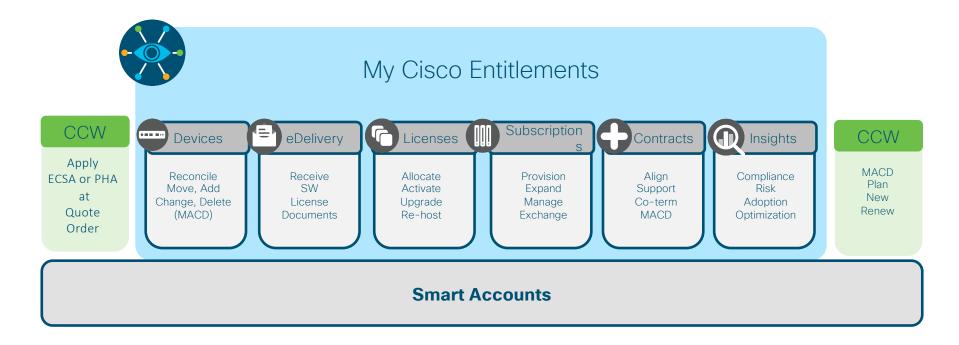

Smart Accounts will be leveraged by Cisco for other uses in the future.
